

# Public Sector Apprenticeship Target Report 2021

## Introduction

Public sector bodies with 250 or more staff have a target set by the government to employ an average of at least 2.3% of their staff as new apprentice starts each year. As a public sector body in scope of this target, we must 'have regard' to the target and must publish our data annually.

This reporting period ran from 1<sup>st</sup> April 2020 to 31<sup>st</sup> March 2021.

Public Sector Apprenticeship Target Data 2021	
A: Number of employees whose employment began in this reporting period.	48
B: Number of apprentices who began to work and whose apprenticeship agreements also began in this period.	1
C: Number of employees employed at the end of this period.	657
D: Number of apprentices at the end of this period.	5
E: Percentage of new starters that were apprentices during this period.	0.15%
F: Percentage of workforce that were apprentices at the end of the period.	0.76%
